

# CO-PRODUCTION EVENTS

24<sup>th</sup> January 2018

## Adult Social Care services are changing

Knowsley Council wants to make sure social care services in Knowsley are suitable for everyone who needs them.

We want you to help us change the way that services are run.

**Co-production** is when people who use services work with providers - as equal partners - to design, deliver and check services together.

Knowsley Disability Concern has been asked to make this happen.

We will ask people what works best for them and what is not working.

We want to know how services can be better for everyone.

Please come and have your say about how support should work.

You will be able to meet people who can make big changes.
