

COPRODUCTION DAY

WEDNESDAY 24 JANUARY 2018

Your invitation to help shape services
for the future

KDC has been talking to individuals and groups and hosting events with the aim improving adult social care services in Knowsley through public involvement, engagement and coproduction. We want to make sure that people who use services, their families and carers have a chance to influence the way care and support is designed and delivered in the future.

As someone who has recently shown an interest in supporting this work, we would like to invite you to take part in the first proper Coproduction Day on **Wednesday 24 January at The Caldwell Centre, Tarbock Road, Huyton, L36 0SD**. There are two sessions - **10.30am to 12.30pm** and **1pm to 3pm**.

Each session will focus on what people want from their service, how this would be described in a service contract and what monitoring arrangements will be needed to make sure providers deliver. We will be looking at all the adult social care services for older people, those with learning disabilities and people living with a mental health condition. This will include Day Services, Supported Accommodation and Respite provision.

I do hope you will be able to get involved and lend your support. Expenses can be reimbursed. I would be grateful if you could confirm your attendance as soon as possible with your preferred choice of session. Call Johanne Ross on 0151 480 4090 or email Johanne.ross@kdc.org.uk

Best wishes

Joyce

Joyce Greaves, CEO.
