The BIG Group is part of Knowsley Disability Concern. Reg Charity No 1103477

Be part of our community

We are the **Being Involved Group** of adults with learning disabilities and/or autism in Knowsley

We are a community where everyone belongs and feels safe and happy

The **BIG Group** helps people make the most of their lives

We work together to design and take part in activities that are for people like us

We connect with lots of other groups in the bigger community around us

We help each other make new friends and do different things

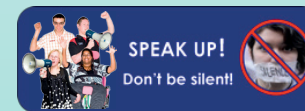

We organise and take part in social activities

We support each other to play an active role as equal citizens

We run the **BIG Pathway** programme where people can learn important skills for life

We are here as **Hate Crime Ambassadors** helping people feel safe where they live

We help people do volunteering work in places local to them
